Portfolio: https://portfolio2-git-master-ethanhon.ve rcel.app/

Creative Front-End Developer offering 7+ years of experience providing high-impact web solutions for diverse industry organizations. Skilled in designing, developing, and testing multiple web-based applications incorporating a range of technologies. Passionate about learning and development with a desire to apply skills to a larger development, eager to tackle more complex problems and continue to find efficient ways to maximize user efficiency.

Professional Experience

Frontend Web Developer
Upwork (Los Angeles CA | Freelance),

June 2021 - Present

- Built 12 interactive, single-page React apps that could scale with both increases in interaction complexity and volume.
- Created and maintained frontend code for 2 websites(re-designs, seasonal updates, production work).
- With TDD/BDD methodology and experience in programming, guaranteed the quality of code and development speed for every client to get great feedback from them.

Frontend Web Developer
HUB International (Toronto ON, Canada | Full-time),

May 2019 - June 2021

- Worked with design, product, and back-end teams to create 3 web products.
- Created 3 efficient and reusable front-end systems to drive web applications to the marketplace.
- Designed and implemented SEO strategies for user acquisition, driving acquisition up by an average of 120% each month.
- Participated in product releases and code reviews with 5 senior developers and team leads.
- Maintained 5+ web pages, graphics, and online marketing materials under the direction of a UX manager and team lead.

Frontend Web Developer
Jobot(Vancouver BC, Canada | Remote Contract),

May 2017 - May 2019

- Collaborated with 4 other team members to develop 16 new user-facing features.
- Assisted in building 100% reusable code and libraries for future use.
- Worked in an Agile, collaborative environment to receive design requirements, peer programs, and test applications.
- Optimized 5+ applications for maximum speed and scalability.
- Validated 100% of user input before submitting it to the back-end.

Junior Frontend Web Developer
Pactera Technology International ltd(Hong Kong | Full-time),

April 2014 - May 2017

- Delivered 5+ projects of all sizes, creating solutions for consumer services.
- Implemented front-end technical solutions to meet project requirements for the creation of 5 web pages.
- Assisted the development team in maintaining 3 websites.
